Your children will participate in programs such as outdoor education, swimming, arts & crafts, ropes course, field games, nature activities, and hikes.

Guest Lectures

Two guest lectures will be featured Mon-Thurs in the Aspen Lodge. Lecturers are qualified individuals invited to camp to enhance your vacation. They will deliver lectures about entertaining and educational topics such as family relations, religion, and parenting skills. A schedule will be posted each week.

High Adventure Course

Stretch yourself and build self-esteem while you climb, balance, and swing through our High Adventure Course. Age groups will have time on the course, and families can do the course together during free times. Take on the course together, but individuals choose the elements they want to try and when they’ve had enough. Course is NOT suitable for pregnant women or children who can’t reach up to 67”.

Arts & Crafts

Our arts and crafts area offers a cool place to relax by the stream while you paint bisque ceramics, work on the pottery wheel, woodturn pens, and do leatherwork. Our staff teach workshops about various mediums, and the arts and crafts program features projects for every age group and skill level. Most projects range in price from $1 to $20, although some projects may be higher in price.

Weather

Most of our summer weather at Aspen Grove is dry and pleasant. The days are usually warm, while the evenings are typically cool, and often require a sweater.

Due to our high elevation, you may sunburn easily. It is easy to get a sunburn before you realize it. Please remember to bring sunscreen. If you forget to bring sunscreen, we carry it in the store.

We have virtually no mosquitoes at Aspen Grove, but we do have occasional thunder storms and rainy days. Some summers are even visited by midseason snowstorms, though this is not common. Umbrellas and ponchos come in handy at times. You can check the specific forecast for your stay here.

Phones & Internet

The office phone number is (801) 225-9554. Cell phone reception is generally available outside. Verizon Wireless customers tend to have the best reception.

Wireless internet is available throughout most of camp. Passwords are provided at check-in.

Laundry Facilities

Coin-operated washers and dryers are adjacent to the restroom facilities in the Rustic Cabin areas, in the lofts of the Family Lodges, on the third and fourth floors of the Aspen Lodge, and in the Beckham Lodge at the east end of the first floor. You may purchase laundry soap in the camp store. Laundry is $1.50 to wash and $1.00 to dry.

Bedding

You will find bedding, towels, washcloths and basic toiletries in your room. If your family has requested a crib, please note that we provide a fitted sheet, but no additional bedding for cribs.

Staff Tipping Policy

Tipping of individual staff members is not expected. Many staff members are working behind the scenes to make your family’s stay enjoyable and successful. If you wish to show appreciation, it is preferred that you leave a general staff gratuity in the Aspen Grove office.

Lockers

Lockers are located on the north end of the pool house and inside the dressing rooms. One locker per family is available for checkout at the office.

Health and Wellness

In order to help prevent the spread of sickness at Aspen Grove, we encourage individuals to refrain from attending age group activities or campwide programs for at least 24 hours after the last sign of any of the following possibly contagious symptoms:

- vomiting
- diarrhea
- fever
- nausea*
- frequent cough
- excessive runny nose
- constant sore throat
- contagious pink eye

*Nausea is sometimes an indicator of contagious sickness, but may also be attributed to other causes such as car sickness, separation anxiety for younger children, or mountain/altitude sickness (change in elevation). Mountain/altitude sickness may occur during travel to higher elevations. Treatment for mountain sickness can be as simple as descending to a lower altitude (as little as 1500 feet) for a couple of hours, and by drinking plenty of fluids. Drinking fluids while traveling to higher altitudes helps prevent mountain sickness. It is recommended that nausea is watched closely for a few hours to determine if it might be the result of other sickness.
Health and Wellness (cont.)

Please share the following ways to prevent infectious illness with each family member:

Wash your hands frequently throughout the day for 20 seconds with soap and hot water. Don't forget to wash front and back of your hands, and between your fingers, especially before meals.

Avoid touching your own mouth, nose and eye areas, and the faces of other campers.

Cover coughs and sneezes with the inside of your elbow.

Maintain proper nutrition and hydration, and be sure to get plenty of rest.

Clean up messes from sickness quickly with cleaning and sanitizing solutions, remove and bag soiled towels and bedding, and limit the number of people exposed to a family member that is sick.

Avoid using shared towels, utensils, and toddler toys.

Avoid changing diapers on carpeted areas, bedding, and in areas associated with food preparation or personal grooming such as counters and tables.

In Case of Fire

In the event of a fire, the following procedures should be followed:

Please alert all occupants in the facility, vacate the premises, and notify a staff member.

A staff member will sound the alarm. The fire emergency signal is a continuous pull stroke of the bell.

When the alarm sounds, all campers and guests should meet in the Emerald Dining Hall. In the event of a fire, program counselors are trained to take their groups to this area while your children are under their protection.

Emergency Bell Signal

The bell outside the Dining hall rings to signal meals and campwide events. A continuous pull stroke of the bell is an emergency signal.

Please do not panic if this emergency signal should sound. This is a signal for all staff members and guests to go to the Emerald Dining Hall as soon as possible.

First Aid

Our first aid station is located on the first floor of the Aspen Lodge. It is equipped to handle scratches, bruises, cuts, and other minor injuries. In the event of more serious injuries, we encourage transportation to Timpanogos Regional Medical Center in Orem, 750 West 800 North.

You may wish to bring your insurance information, since these accidents would be covered under your own insurance policy.

Dress Standards

Clothing should be modest and appropriate in fabric, fit and style. Shorts and skirts should be knee-length or longer. Please don't pack sleeveless, strapless, backless, revealing, or form fitting clothing.

Shirts and tops should be long enough to cover the stomach and lower back. Shoes should be worn in all public areas. All guests should avoid extremes in clothing, appearance and hairstyle.

Standards and Policies

...
Dress Standards (continued)

All camp guests are asked to abide by the standards of The Church of Jesus Christ of Latter-day Saints. This includes high standards of moral character, honesty, respect for personal and property rights, obeying the law, living the law of chastity, high standards of taste and decency, and dietary laws of abstaining from alcoholic beverages, tobacco, tea and coffee, and drug abuse.

Responsibilities and Insurance

The nature of a high mountain camp environment presents some inherent risks including bad weather, hazardous terrain, and some potentially high-risk activities.

We suggest you carefully supervise your children at all times and use caution and common sense as you hike, fish, and use Aspen Grove facilities.

By participating in Aspen Grove programs and activities, you assume all risk of any loss or injury. If you have health conditions that may affect your ability to participate in programs and activities, we suggest you seek your doctor’s advice before attending camp.

You are also urged to procure appropriate medical and personal injury and property damage insurance coverage prior to your arrival in camp.

The ropes course is one of our most popular activities. Because of its height, those participating must wear provided safety helmets, follow posted rules, and have their harness securely attached to the cables.

Our trained ropes course staff must be present at any ropes course activity.
